Brian Thibault: 3 of 6---340-3x	
Tim McMullin: 3 of 6---266-4x	

Once again, another season of PPC shooting draws to a close. Unlike previous years, this year ends on a note of promise. In previous years we have seen a steady decline in the numbers of shooters attending the match. Not so with this year. A number of IDPA shooters have discovered the PPC Service Match to be a good test of their shooting skills and have, at least for the moment, stemmed the flow of shooters away from this shooting discipline.

Police Practical Competition is not just about being accurate with a revolver. Yes, the 600 course of fire is still dominated by the revolvers but there is a new challenge available. Quite a few shooters are using their IDPA rigs in the Service Match and find the course of fire, reload time, draw and fire time, etc. to be a good test of their skills.

Look for the League to return in late fall of 2015. Schedules will be posted at the gun clubs on the circuit, Windsor Action Pistol, Kingsville Shooting Sports, Kent Cloverleaf Conservation Club and Rondeau Rod and Gun Club. The costs are minimal, \$5.00 per round, the competition is friendly and if you're lucky you may just win back almost all the money you spent on entry fees.
